Crusade in Huedin

“By His Strips We Are Healed”

In Romania, Easter is celebrated on two different dates. Once for the Hungarian ethnic minority (coincides with the American date) and once for the Romanian orthodox. Since Huedin has about 50% ethnic Hungarians, we used this occasion to have another evangelistic and healing crusade in this city of 10,000 people, 30 miles from Cluj. Our church folks there brought their friends. Our pastor David Norton taught about God’s heart to heal. Hearing the word created an atmosphere of faith that God couldn’t resist! He came and His goodness passed before us. And we beheld His glory!

**Sandina came with what she called an “allergic reaction” on her arms and hands, “burning and itchy”. She showed me her arms-- they were inflamed, bright red, irritated with small eruptions breaking out. After prayer, we looked at her arms again and they were perfectly normal—both in color and texture!

**Adela a 14 year girl, wore an insert in her shoe because her legs were 1.25 inches different in length. That was until Saturday night. David sat her down and held her legs up with her feet side by side. It was clearly evident that her legs were a different length. Adelea was the last person being prayed for so a few of us gathered around to watch and pray with those ministering to her. The team prayed for about 20 minutes for her. The length of her legs were checked several times during prayer. At first there was nothing noticeable going on but then there was only about a half inch difference and finally no difference at all! We witnessed a creative miracle! God growing out a leg! That was truly amazing! First time I’ve seen something like that! But not the last!

**An elderly member of our Huedin church came for prayer. She had seen God heal again and again. So she came knowing that God could fix her painful neck and upper back. We prayed and yes He did it! The pain disappeared completely. She kissed us and “kissed” God too in thanksgiving for what He had done for her!

Stirred up by the teachings about healing, me, Maya, Andreea and Claudia went to the hospital to pray for people and to invite them to church. Sandina also came. She works at the hospital and got us into every ward! During an amazing 2 hour period, 23 people received the greatest miracle of all—salvation! Six people were healed on the spot and others felt various sensations in their bodies as we prayed. We are waiting for still more reports of those in intensive care that we prayed for: two brain tumors, throat cancer, pneumonia, hearts, livers, backs, etc.

One room in particular was such a thrill for me. Andreea and I entered and introduced ourselves. There were five elderly ladies in the room, each suffering with her own pain and disease. We offered to pray for healing. We went to the first bed. This lady suffered painful bloating in her abdomen, her belly was distended and very hard. We prayed. Right under our hands the bloating went down and her belly softened. When we asked, she said there was no more pain! She was all smiles! On to lady #2: She had severe pain in her chest and had heart problems. We prayed for her and suddenly all the pain left and she said her heart was healed! (Can people really feel that? Seems so!) When we got to lady #3, she was crying with hope that God would touch her too. She too had a bloated belly and great pain also in her back, chest and shoulder. She had been bedridden for some time, unable to sit up without excruciating pain. As we prayed for her, I heard ladies #1 and #2 talking together. They were asking each other “Do you really not hurt anymore? No! Me neither!” Laughing and smiling...I mean to say there was a radical change in their demeanor since we had initially walked into the room. They continued to talk about how good God is while they watched what happened with #3. After praying, we had #3 start moving around to see if she still hurt. At first she wasn't very sure, moving and expecting the pain to shoot through her body, but no pain came! Amazing! Her distended belly had also “deflated” and she had no pain in her abdomen either! We moved to #4 and before we could start praying for her, we looked back and #3 was sitting up in bed moving with no pain! All smiles! The first three ladies were laughing and joking about packing their bags and going home! #4 had severe back pains with vertebrae that kept slipping out of place. She walked only with great pain and sometimes couldn't walk at all. Then as we prayed, the pain left and God gave her a “realignment” and made all things new in her back. We turned to pray for #5...She had turned her back to us and gone to sleep. Imagine! These four women eagerly accepted Jesus as their Savior. They encountered Jesus who forgives all their sins and heals all their diseases. Ps 103:3

February -- Preparing “my nest”

I spent long hours daily working on my house. Depending on the day or the need, I was a painter, tiler, cleaner, carpet layer, curtain hanger, carpenter and mechanic...I felt like one of the HGTV folks on a house makeover! ;-) My body ached in places I forgot I had muscles...but it was really worth it to see the house transformed day by day.

The result—Now I am IN my house! I finished the upstairs and though the downstairs still looks like a construction zone, I am moved in and no longer paying rent somewhere else. It is wonderful to be here as spring begins to arrive. Just seeing the “green pastures” from my window restores my soul.

April –Trip to the USA

I will be attending the Word Conference at White Horse Christian Center in Indiana April 6-12th. After that I am thrilled to be in Raleigh NC for a time, catching up with family, friends and churches in the area. I would love to see YOU! Or at least talk on the phone for a while. I will be reachable at my mom’s (919) 790-7609. I will also be with family as I celebrate another birthday! And then I return to Romania on May 7th.

I am so honored and thrilled to represent you as I serve our Jesus here in Romania. Thank you to each of you who give and pray and make my being here a possibility. Every time I think of you I thank my God....you are my joy and crown.

For His Kingdom!
