“No Place Like Home”

It is always great to come home to the USA. Like they say “There is no place like home.” I will be primarily in the Raleigh area during my stay June 27th to Aug 5th. Give a call if you want. I will be at my Mom’s. Tel (919) 790-7609. I would love to see you or visit by phone.

Antioch Christian Center

Church life continues to be an exciting adventure with God. We are growing numerically. People are coming to us from other cities for a touch of God that can forever change their lives. Something is definitely stirring.

Prayer Meeting

Recently, we were praying before church, as usual... about 10 of us. Then something very unusual happened. Suddenly the atmosphere changed and the presence of God became intense. Overwhelmed, I looked around the room through tear filled eyes, and saw on every face the same thing I was experiencing... intercession had been replaced by

worship. This was not a normal prayer meeting. Our hearts were melted and overwhelmed by God coming close. Some fell to their knees and others to their faces as we adored the Lover of our souls. God continues to draw us into His heart and into His plans.

More Healings... a few examples

During our outreach to a gypsy community, we noticed a boy with a cast on his leg. He had broken his toe, but still in spite of the cast, every step and every movement of his toe brought sharp pain. He sat through the meeting with his leg elevated and uncomfortable. After praying for him, David tested the boy’s foot--pressing hard on his toe, there was no pain! Next day the boy and his mom returned to the doctor where additional x-rays were taken. The doctor was amazed that there was absolutely no sign of a break. He removed the cast! Next time we saw the boy, he was running around in the courtyard having a great time!

A young lady had suffered sharp pains in her abdomen for weeks. I prayed for her and a couple minutes later, she said “It’s gone. The pain is not there!” A couple weeks later she told me since that prayer she had not had one pain!

A muscular young man came for prayer at church. He had hurt his knee and hip while lifting weights and had been in constant pain for three months. After prayer, he was laughing in amazed delight as he realized that he could move freely and was pain free for the first time in months. Healed!

Relocating

We have been renting a meeting place for years, paying by the hour. Now we feel that we need a larger place that we have full time. We sought a location in “Manastur”, the area of town where one third of the population lives...some 150,000 people. We found a perfect building in an ideal location. Interestingly enough, the building used to be a bread bakery ... We too want to serve “hot bread” from heaven... bread that saves people... nurtures them... satisfies them.

This week we are negotiating with the owners, trying to come to an agreeable price and a signed contract. The building also needs some \$40,000 of renovations that we plan to do in steps. **Please pray for God to provide this place for us!**

As for Me and My House

I continue to make good progress on building my house. But I have come to the end of my money, so shortly the work will stop. My goal is to finish the upstairs quickly and to move in. I am about \$13,000 shy of being able to live in the house. After that, I can gradually finish the downstairs as the money is available.

In the fall, I will be at a point where some skilled volunteer labor would be such a blessing. If you are skilled and would be interested in coming over for a week or so, you could help with dry walling, tiling, painting, laying flooring, etc.? Please consider this possibility and let me know if you would like to come.

Situation with the Romanian President

I told you in my last update that there was an attempt to impeach the president. This was causing public unrest and a very unstable situation throughout the country as high officials slandered others and jockeyed for position. The president is strongly anti-corruption and has removed several high officials from office in his campaign to clean up politics in Romania. I believe the president was falsely accused by senators that had been fingered and were themselves squirming under allegations of corruption in their own practices.

The final decision about whether to impeach the president or not was in the hands of the people. And they were perfectly clear --80% voted to KEEP the president! Praise God that this attempt failed! All this actually repositioned the president to a place of more favor in the eyes of the population and more ability to bring real change in the government.

Seeking Additional Monthly Support

The days of living cheap in Romania are over. Prices have risen until they are equal to and sometimes even exceeding prices in western Europe. That is shocking enough. But we American missionaries, (working in Romania but receiving funds in US dollars) have endured an additional 30% increase in prices due to the devaluing dollar (this last year alone).. This one-two punch has left me 50% under supported. I need additional monthly supporters to join me, enabling me to continue to live and work in this corner of God's Kingdom. Would you prayerfully consider helping me in this way?

Thank You! Thank You!

I have been a missionary for 23 years. Many of you have journeyed with me from the start. Some of you have come along side more recently. How can I thank you enough for your standing with me? Thank you so much for your every prayer, your every gift. You are my joy and crown. Your support helps keep me in Romania!

Blessings to you!
